For your information, the Senior French Officer of the LIVE OAK Staff met with General Ely on 17 June to obtain clarification of the last paragraph of the letter to General Norstad from General Ely (quoted in reference). Clarification received is that:

- The French Government agrees without reservation with Part Two (Command Structure) of the LIVE OAK study on Berlin Contingency Planning: Initial Probe of Soviet Intentions.
- General Ely is having a study made to develop the French viewpoint on a Command Structure necessary for more elaborate military measures and has raised the point that any final decision with regard to the Command Structure should be
